BfK Rating:

0

Highly imaginative writing and yarn telling in the first of an acclaimed trilogy about Sparrow and his friends. They encounter all sorts of strange, sometimes malevolent, magics in their remote mountain village, where the gadgets familiar to us exist, but nobody there knows how to use them. Powerful forces and parallel worlds, mysterious past events exerting their influences on the present, are all plentifully provided in this satisfying read for kids who like to have their minds boggled.

Running Order:

61
