This is a telling swipe at celebrity publishing and royal sycophancy. The general public have more sense than to buy copies of Gloriana's 34- word 'masterpiece', but confronted with the choice of 'A: buying a copy of 'The Magic Fountain', or B: going to prison for six months' it soon becomes a best-seller. The Princess is in great demand on both arts programmes and TV chat shows and even an appearance on the cover of Hello. Rack her brains as she might, though, the sequel will not come until the arrival of Prince Waldo of Glockenstein. Set in a fairy-tale kingdom with modern reference points this lively story, with scratchy line drawings, will delight young and old alike.
