In a family with Spiritualist traditions, great things are expected of Cassandra, the seventh child of a seventh child. Family stresses result in a dare and Cassie raises a spirit. But instead of the child she was after. Cassie awakens the said and gloomy ghost of an eighteenth-century 'warlock'. Rather apt and predictable, with more overtones of Garfield than **Thomas Kempe**, but the modern setting helps it along and Vivien Alcock avoids the excesses of her husband's style. Worth a copy it only for more data on whether TV serialisation does actually encourage reading (not merely higher book sales).
