Join Little Bear as his Mummy takes him out of the shadowy woods to see the day dawning. This delightful, lyrical text just trips off the tongue, and would be learnt quickly by young readers. Every page reveals more splendour, more amazement, as the bears watch the stars melt away and see creatures beginning to wake from a night's sleep. Ho uses the softest of palettes, filling each spread with the enchantment of discovering the countryside at daybreak. A wonderful book to read aloud with little ones.
