Here's the one 'reluctant' readers and writers have long waited for. Those like the boy on page three who *hate* reading books will enjoy this vigorous, teeming collection of news reports, graffiti, jokes, chants, cartoons, menus. And it's an invitation to take part in storytelling, story-making --- a book to be co-written by its readers. Therefore, individual copies essential; able readers and street-wise Rosenites will save up. Teachers should mortgage all those copies of **Bashing Away at English!** Splendid literary and linguistic fun which is saying and doing something of *vital* importance for all ages.
