Ideal for readers just taking off on their own is this collection of noodle tales which comes complete with a foreword: 'A noodle is a silly person./This book is about/a family of noodles/and the silly things/they say and do.' The six tales are extended jokes of the kind that children love to tell. In each case the reader knows, either through the illustrations or from his or her own knowledge, just how silly the characters are, and herein lies the enormous appeal. A real laugh and groan out loud book: don't miss it!
