16-year-old Arnold is the sympathetically and credibly drawn main character of this story set against the north-west coast, although the sea itself shares centre stage; mystery arrives when a stranger in the village claims to share his name. Townsend's impressive interrelating of bleak coastal landscape, character and a pervading sense of threat creates a compelling novel. Readers of 12 and over will be engrossed from the first chapter.

Running Order:

30
